VOLUME 1—NUMBER 256

PADUCAH, KENTUCKY, TUESDAY, JULY 6, 1897.

TEN CENTS A WEEK

LESS THAN EXPECTED.

Will Be the Cost of the Proposed Sewerage System.

THE MAYOR OPENS BIDS

Lynn White, of Chattanooga, Fixes the Price at \$57,118.20.

CONTRACT TO BE AWARDED TONIGHT.

Mayor D. A. Yeiser opened the proposals for the construction of a sewerage system for the city of Paducah, at 9:30 o'clock this forenoon in the council chamber at the city hall.

Councilmen Williamson, Farley and Bell, City Clerk Cole and City Engineer Wilson were present. As spectators were representatives of those offering bids and of several sewer pipe concerns.

The lowest bid was offered by Lynn White, of Chattanooga, Tenn., his price being \$57,118.20.

The separate items bid on together with the amounts, are as follows:

For all twenty-four (24) inch cast iron pipe sewer, with leaded joints complete, the sum of \$2,340.

For each valve fittings in place, with chamber complete, the sum of \$340.

For well complete, the sum of \$1,250.

For sewerage pump and electric motor in place, complete and ready for service, the sum of \$1,250.

(This includes suitable chamber for motor and pump) or For sewerage pump, air compressor and all pipes in place, complete and ready for service, the sum of \$1,250.

For all twenty-four (24) inch clay pipe sewer, the sum of \$12,448.50.

For all fifteen (15) inch clay pipe sewer, the sum of \$1,156.20.

For all twelve (12) inch clay pipe sewer, the sum of \$6,346.

For all ten (10) inch clay pipe sewer, the sum of \$1,734.

For all eight (8) inch clay pipe sewer, the sum of \$1,630.35.

For all six (6) inch clay pipe sewer, the sum of \$1,156.20.

For all six (6) inch clay pipe sewer branches, the sum of \$10,000.

For each man-hole complete, the sum of \$3,900.

For each flush-tank complete, including royalties, the sum of \$1,112.15.

Total, \$57,118.20.

There were but two other bids offered. These were by R. L. Clark, of Louisville, which was for \$124,708.90; and Pat H. Halloran, of the city, for \$59,057.70.

There will be 12,606,826.25 superficial feet of sewerage, and at Mr. White's figures, these will cost three mills a foot. It would consequently cost, at this rate, for sewerage a lot 40x165 feet, about \$19,800.

The bids were only opened this morning. Tonight the council meets and in addition to other business will let the contract.

The bids for laying 1000 feet of pipe in the cemetery were opened, and Mr. Ed. Hanna's was the lowest, but the contract will not be let, as the prices are not satisfactory.

A GREAT OPPORTUNITY
For the South to Extend Her Coal Trade.

Charleston, W. Va., July 6.—Chief Mine Inspector J. W. Paul, who has been keeping in touch with the several coal fields in West Virginia, said last night that there is no present or indication that the miners of this state will go out.

"This," he said, "is West Virginia's opportunity to find new markets for her coal. If the miners of other neighboring states go out and there is a suspension of coal production in those states, West Virginia can very nearly supply the demand. In 1895 West Virginia produced one-fifth of all the coal produced in the states of West Virginia, Pennsylvania, Ohio, Kentucky, Indiana and Illinois, and this when the collieries were running at less than half their capacity. If this general strike is inaugurated and the West Virginia miners keep at work, West Virginia coal will find new markets and the State will be able to hold those markets after the strike ends indefinitely."

SUDDEN DEATH.

Of Judge Randle, of Hickman, Kentucky.

ONCE CIRCUIT JUDGE HERE.

Died of Heart Trouble—Something of His Life and Record.

WAS IN THE CONFEDERATE ARMY.

Judge C. L. Randle, one of the most prominent and popular men in southwestern Kentucky, dropped dead at 2:30 o'clock yesterday morning at his home in Hickman, Kentucky.

The judge attended church as usual Sunday, and seemed especially cheerful. In the afternoon he visited a number of friends. At night he complained of pains in his breast and shoulders, but said it was nothing serious. His wife applied some simple remedies and he seemed much relieved. Later in the night he was found lying on the floor gasping for breath, and expired in a few moments without regaining consciousness.

The deceased had been one of the most prominent among the members of the West Kentucky bar. He was elected circuit judge of this district in 1880 to succeed Judge Cammell, and was in turn succeeded by Judge Bishop. He also served a term as commonwealth's attorney.

After his retirement from the bench he began the practice of law. He served during the war with distinction in the Seventh Kentucky Regiment, Buford's brigade. He was about 68 years old, leaves a wife and family and about \$10,000 in life insurance.

FISCAL COURT.

Justices in Session Today at the Court House.

The Stump Heating Committee Makes Its Report.

Fiscal court convened today at the county court-house in regular session. Judge Tully presiding, and all the magistrates present.

Settlement was made with the receiver of the funding account, the American-German National Bank, with the treasurer, M. T. J. Atkins, and with the other receivers.

Judge Tully and Treasurer T. J. Atkins reported the purchase of the gravel road, and the payment for them.

Judge Tully also reported the sale of several of the toll houses, and the purchase of four road machines.

The committee on heating the county house by steam reported favorably on it, and the bids opened by the committee were submitted to the court. While the committee had no right to open the bids, the court will probably accept the lowest. This afternoon the court was still looking over the bids.

A committee was appointed to ascertain if excavations could be made under the building with safety, and it reported in a short time that they could.

Court will probably be in session several days.

PLUCKY DRUMMER

Swung Off a Sled a Drowning Metropolis Boy.

John Willis, a young man from Metropolis, who came up on the excursion to celebrate the Fourth, got too much Kentucky "bug juice" aboard, and fell from the stage plank at the wharf last night.

A plucky drummer, whose name nobody knew, swung off the stage plank and allowed the befuddled young man to hold to his feet until assistance arrived. Otherwise he would have been washed under the wharfpost and drowned.

The Lake Heiderman Grocery Co. today filed two suits to foreclose mortgages on property belonging respectively to Bud Henderson and Francis Buckner, on debts.

Monte Lucy, a stepson of Deputy Jailor Grady, was struck on the back of the head with a stone by one of a crowd of boys who passed the jail in a wagon, about 2 o'clock this afternoon and threw at the little fellow.

A painful wound was inflicted, and the names of the boys were not learned.

Another Car Load of Paper.
The SCS received today another car load of paper, and it was the biggest car load ever received here.

It Was Only Lost.
Leslie Thompson's watch was not stolen at the baseball park Sunday. He dropped it, it was found by a small boy and the owner recovered it a short time after it was lost.

Water Notice.
Patrons of the Water Company are reminded that their bills for this month were due July 1st. All those who desire to renew bills should do so before it is forgotten, as all patrons not paid for on or before July 1st will be disconnected.

Death at a Picnic.
Lawrence, July 6.—Sam Goodloe shot and killed Tom Battons at a picnic here today.

Warden J. J. J. The prisoner through the city this morning en route from May 1st to 1st.

SEVEN YEARS.

Geo. Dinning's Sentence for Manslaughter.

Claims That Lieutenant-Governor Worthington Will Give Him a Pardon.

Eddyville, July 6.—Geo. Dinning, the negro who was sentenced to seven years for manslaughter at Frankfort yesterday, arrived here this morning. He claims that Lieut. Gov. Worthington will pardon him.

Frankfort, July 5.—It is all but a foregone conclusion that Acting Gov. Worthington will pardon Geo. Dinning, the negro convicted at Frankfort yesterday, arrived here this morning. It develops tonight that a formal application for Dinning's pardon was filed with the Acting Governor several days ago and that since then several prominent people, including at least three of the present state officials, have been before Gov. Worthington and made strong pleas in behalf of Dinning's pardon, signing their names to the formal petition.

THE BIG STRIKE.

One Hundred and Fifty Thousand Miners Out.

Columbus, O., July 6.—Reports indicate that 150,000 miners have gone out in the great strike. Numbers of districts are yet to be heard from and it is yet too early to predict either the success or failure of the strike. It is well known that in many sections the miners have been adverse to striking. This is especially true as to the Pittsburgh and Chicago miners on the Wheeling division of the Baltimore and Ohio railway; the M. A. Hanna & Co's miners, on the Panhandle, who are working at the 60 cent. rate, under an iron-clad contract, and the New York and Cleveland miners at Turtle Creek, Plum Creek and Sandy Creek, also in several points in the South the miners are satisfied with their wages or have had enough experience with the terrible results of strikes.

EXPECTS A PLACE.

Dr. Hunter Selling Out in Order to Accept the Guatemalan Mission.

Owensboro, July 6.—Concerning the recently published statement that Hon. W. G. Godfrey Hunter's residence and effects at Barville had been sold, and that he would probably move to the West unless tendered a diplomatic post, it is learned from a reliable source that Dr. Hunter will soon get his long expected appointment as envoy extraordinary and minister plenipotentiary to Guatemala and Honduras, and that the sale of his Barville property was made with a view to his early departure for his diplomatic post.

SENATOR HARRIS ILL.

The Father of the Senate in a Dangerous Condition.

Washington, July 6.—The condition of Senator Isham G. Harris, of Tennessee, is very precarious, and grave fears are entertained by some of his friends that he may not recover soon. Senator Harris is one of the oldest members of the Senate and has been a hard worker all his life.

ANOTHER OUTRAGE.

And a Negro is Almost Certain of Death in Fayette County.

Lexington, Ky., July 6.—An aged lady, Miss McCann, was assaulted by a negro last night at her home near this city. The cowardly wretch was jailed this morning and identified by Miss McCann. There are strong probabilities of a lynching soon.

SHORT OF FUNDS.

The Strikers Already Calling for More Funds.

Columbus, O., July 6.—The miners have already discovered that they lack money with which to conduct the strike. Circulars are being issued calling upon organized labor associations for financial aid.

THE TERRIBLE HEAT.

Fatal Effects of the Very Hot Weather.

Toledo, O., July 6.—Thirteen deaths have occurred in this city since yesterday on account of the heat. It is thus far the most fatal day known in this city.

OTHER BASEBALL NEWS.

The Louisville Baseball club arrived at 12:10 this afternoon and boarded cars for the Palmer House. They were in charge of Manager Harry Pulliam, and previous to their departure for the ball park were the cynosure for many curious eyes, especially Fred C. Clark, "the \$10,000 beauty," at the Palmer.

The line up of the clubs for the exhibition game this afternoon will be:

Louisville—
Tom McCreery rf. McClelland cf. Oliver Pickering of Woodstock as James Stafford as Clifford c. Perry Werden 1b Stanton 2b Fred Clark 3b Murray lf Arthur Butler c. Gfior of Onie Geagan lf Noonan 1b Irvin Hock 2b Schlemm 3b Jim Jones p. Dowling p.

Will Hill the celebrated twirler, is here, but will not pitch except in case of necessity.

The home team will try to win, and there is an enormous crowd out to witness the game, which will be the most exciting of the season.

Paducah lost yesterday afternoon's game with Henderson by a score of 10 to 7. Pears pitched for Paducah and Williams for Henderson. There was a complete line up of the Paducah team. Clifford was behind the bat, Stanton on second, Noonan on first, McClelland in right field and Ollie Gfior, the new man, in center field. The latter fully demonstrated his ability as a ball player, and made himself pretty solid.

The features of the game were Lynch's batting, McCoy's home run, Murrell's fielding—and Pears' pitching.

Tomorrow the promised shake-up in baseball circles, predicted in the six a week ago, will take place. There will be at least two changes, and the probabilities are that there will be three. The two new players, Clifford and Gfior, will probably take the places of McClelland and McIlvane. The latter is a good pitcher, and has not yet been given a fair trial. It is not yet definitely settled, but there is talk of a change in management of the home club, and strong probability of a change tomorrow night.

Petty, the big good natured pitcher of the Hendersons, was released last night by Manager Rogers. He is a pretty good pitcher, and one of the jolliest fellows in Central League. He will remain in Paducah several days.

BIG DOCKET

Comes in the Wake of Independence Day.

ONLY ONE DRUNK. HOWEVER.

All the Rest Breaches of the Peace—Mostly old Cases.

PROCEEDINGS OF TODAY'S SESSION.

There was a long docket in Judge Sanders' court this morning. The fight out near Ninth and Washington Saturday, in which several darkies were engaged, was given another airing.

Henry Proctor, for using insulting language, was fined \$10 and costs. Jim Webb, charged with seizing Officer Sherman Phillips' hat and running away with it, was acquitted.

Abe Grimes was assessed \$20 and costs for the part he took.

The case against George Wilson, charged with being too promiscuous about people's back premises, was partially heard, and left open to hear the evidence of Miss Myrtle Wilson, W. H. McNeal, a one-armed man of the county, was fined \$1 and costs for creating a disturbance in Spiegel's saloon.

The case against Luke Satterfield, charged with maliciously shooting Ed Hall with a Robert rifle, was continued until next Tuesday. Hall still lingers in uncertainty.

Sam Hester was fined \$5 for striking Bob Balloway.

Pete Griffin and George Hudgens were fined \$1 and costs for engaging in a fight with stools.

The case against E. F. Kirksey, charged with violation of the market ordinance, was continued.

J. F. Holmes was fined \$1 for drunkenness.

OPENED THE SAFE.

Caufield Baffled By a Safe Expert.

E. G. Young, of Hopkinsville, an expert safe man, was employed by Warden Happy, of the Eddyville penitentiary last week to open the safe in the prison clerk's office to which Caufield refused to surrender the combination. Mr. Young did his work deftly and quickly, opening the safe in about ten minutes. Books and papers were in the safe, but no money. Caufield has been claiming that \$239.91, which was in his custody belonging to different prisoners, was locked up in this safe, but not one penny was found in it. Caufield's own record shows him owing the state \$29.92, the prisoners \$239.94 and the unclaimed balance fund \$14.57, making a total of \$351.43. On last Friday day at the prison Caufield had refreshments served to the ladies while inside the prison and received a vote of thanks for his generous conduct. He is said to have paid for these refreshments out of the unclaimed balance fund.

GENERAL DEBILITY.

Causes the Death of Mrs. Nancy Bond.

Death of a Young Man in the County.

Mrs. Nancy Bond, aged 66, died at the residence of her step son, Mr. Frank Bond, near Oakes last night of general debility.

The remains were interred today at the Clark's River grave yard in Graves county.

Alex. Williamson, of the county, died last night of softening of the brain, aged 17. The funeral took place today.

ABUSED THE OFFICER.

Sarah Bagwell Warranted This Forenoon.

Used Insulting Language Towards Officer Dick Sutherland.

Sarah Bagwell, a woman residing on North Tenth street, was warranted this morning on a charge of using insulting language toward Officer Dick Sutherland.

The woman, it is alleged, has been living with "Dixie" Wilson, the Hopkinsville drummer who created such a furor a week or two ago by disappearing from home. He has been here all the time, and an effort has been made, partly by the officer, to separate Wilson and the woman and see if he cannot be induced to go home to his family.

This, it appears, was the origin of the difficulty between the officer and woman. Yesterday she cursed and abused him, and this morning an anonymous article was brought around to the various newspapers by a woman, "roasting" the officer and police force in general. It was ostensibly written by the same woman, and respectfully declined.

The case will probably be given another airing in the police court this morning.
